

Virtual Camp Got2Go Image Release

I am aware that Crohn's and Colitis Canada will be hosting Virtual Camp Got2Go on a variety of online platforms including, but not limited to Zoom, YouTube and Google Classroom. I am aware that my camper's image, voice, or text will appear on the screens and in the homes of other campers and staff/volunteers. Crohn's and Colitis Canada will be following online best practices which include having two adults on each call with a group of campers and recording sessions when possible.

In addition to the above, Crohn's and Colitis Canada has two options for photo permissions, please select one of the following options:

- I hereby consent to Crohn's and Colitis Canada or their camp partners using my camper's photos, videos, or submissions as well as my camper's first name for marketing materials (brochures, advertising, website, these etc.), social media, promotional, and/or communication purposes.
- I do not consent to Crohn's and Colitis Canada using my camper's photos, or video for marketing, social media, promotional and/or communication purposes.

Parent/Guardian Signature: _____ Camper Name: _____
