# If you are having technical difficulties...

- The contact information for our virtual platform service provider, VP Solutions, is in the comment box

# What is Canada Future Directions in IBD?

- Crohn's and Colitis Canada's premier conference for healthcare professionals and researchers who care for patients with inflammatory bowel diseases and carry out research into these disorders
- 10<sup>th</sup> annual national meeting today
- CFD supports CCC's Promise to cure Crohn's disease and ulcerative colitis and improve the lives of children and adults affected by these chronic diseases:
  - Presents best new scientific research in IBD to advance knowledge on the state of the science
  - Translates what is learned in research into the hands of the practitioners treating IBD patients
  - Highlights significant progress being made by CCC-funded researchers

## What is Canada Future Directions in IBD?

- Your support of this educational initiative is crucial to delivering on the Promise...

# What's up at CFD today?

- Welcome to the 38 MIIBD/CFD faculty and 155 delegates on-line today for the first virtual Canada Future Directions in IBD
- We gratefully acknowledge your generous donations to Crohn's and Colitis Canada to support the continuation of Mentoring in IBD Curriculum, Canada Future Directions in IBD and Crohn's and Colitis Canada
