

IMAGINE NETWORK

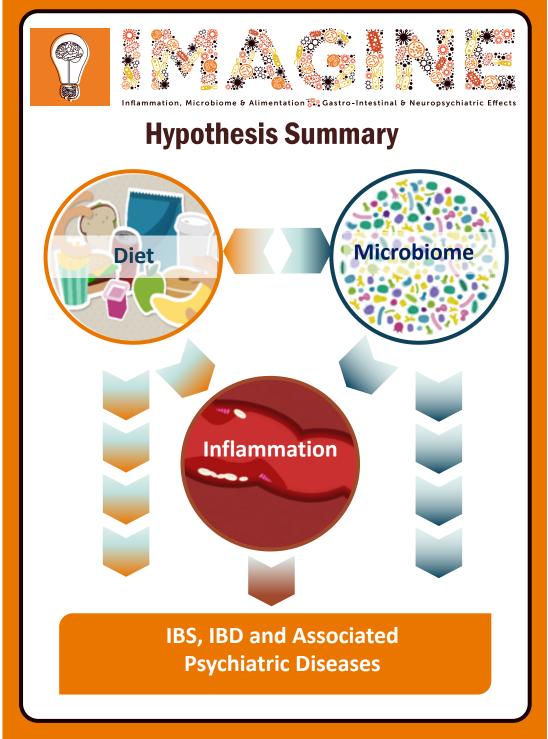

Dr. Paul Moayyedi Network Lead Principal Investigator

IMAGINE Network | Who We Are

- Research network of 17 hospitals/universities and 75 researchers across Canada.
- Investigating the interactions between inflammation, microbiome, diet and mental health in patients with inflammatory bowel disease (IBD) and irritable bowel syndrome (IBS).
- One of five chronic disease networks in CIHR's SPOR initiative.

IMAGINE brings together gastroenterologists, neuroscientists and psychiatrists, currently working in isolated silos, into a network focused on:

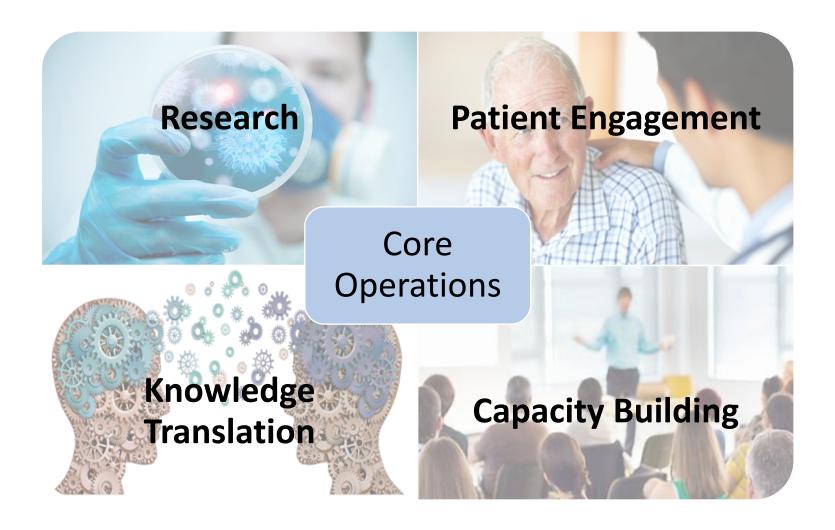

- Brain-gut connection
- Microbiome changes in GI & associated psychiatric disorders

OUR MISSION

Transform the management of IBD and IBS and associated mental health issues with these diseases.
