

Local Chapter Volunteer

Volunteers play an integral role in delivering our promise of finding cures for Crohn's disease and ulcerative colitis and improving the lives of Canadians living with these chronic diseases. As a volunteer with Crohn's and Colitis Canada, the impact of your efforts will be felt by the millions of Canadians affected by Crohn's or colitis today, and for years to come.

We are seeking individuals who are passionate about making a difference in their community to join our team of dedicated volunteers in the role of Local Chapter Volunteer.

*Select one of A or B whichever applies to the volunteer role, and **delete** the other:*

(A) This is a virtual volunteering opportunity.

(B) This role involves in-person interactions. Crohn's and Colitis Canada encourages volunteers and community members to be fully vaccinated against COVID-19 as defined by their local or provincial Public Health authorities. We take the health, safety and well-being of our volunteers seriously, especially in light of the fact that people with Crohn's disease and ulcerative colitis may have compromised immune systems, which is why we continue to follow the guidance of local Public Health authorities

As a volunteer, you will collaborate with like-minded individuals to help plan patient support and fundraising events such as monthly peer support meetings, education events, and the Gutsy Walk.

We encourage you to apply if you are experienced or interested in the following:

- Fundraising
- Event planning
- Volunteer recruitment
- Marketing and communications
- Acting as a community liaison

Time commitment:

- 2-3 hours per month from September to June
- Additional support may be required leading up to events

What you can expect:

- A staff partner to provide training and support
- The opportunity to apply and grow your skill set
- A collaborative team dedicated to making a difference
- The chance to connect with people in your local community
